I ALREADY TOLD YOU TO KNOCK IT OUT, IDIOT

How many boats are you stopping in?
How many people are you responsible for?

Too naïve!

Boy! You must be responsible for everyone!

THIS LIVING TITLE SHOULD DIE HORRIBLY DIE HORRIBLY DIE HORRIBLY

SAVE THE WORLD IN 80 DAYS

There are still 65 days until the world is destroyed.

十天拯救世界

Volume 12 大夏第十二卷

The 12th Day Ago

The sail boat has entered the Corbaryl gorge.

The sails can't be used here; the ship must be rowed onwards.

The Carbonyl gorge is both the shortest part of the route and the part that takes the most time.

Because of the gorge's narrow and winding shape, as well as the whirlpools and undercurrents, the ship's speed is greatly reduced.

A horse-driven cart on land is faster than it.

No there is no need to worry.

TAKE A CART RIGHT AWAY TO KOTEN HOUSE AND WAIT THERE.

YOU CAN DIRECTLY ASK IT IN TIME.

JUST
LOOK AT
YOURSELF!

LOOK
AT
ME!

YOU
ARE
WEARING
CLOTHES!
YOU
STOLE

YOU

Scanlator Note 1

We made a mistake regarding the dragon's master name in chapter 8; it should have been "Chris", not "Flade". It is now fixed in the new version of the chapter.

Scanner Note 2

Page 16 of this chapter is a map of the world in the story. Most, if not all, the places' names are medical or chemical terms (vet-related?) For names of prominent places, the English versions, which the author themselves provided in the original, will be used. For others, phonetic transcriptions will be used.

Then how can I protect the boat while swimming out?

They will burn the boat and the people together, and then reach those who fall in the water. It's definitely so.
